PREFACE

The EMAPS IDEA State Supplemental Survey User Guide is intended to provide assistance to IDEA Part B Data Managers responsible for providing metadata related to the SY 2021-22 IDEA data collection.

This document will be updated if major system modifications affect user procedures and reviewed annually with each survey release.

Data entered into the EMAPS system are authorized by an Annual Mandatory Collection of Elementary and Secondary Education Data through *EDFacts* (OMB 1850-0925, expires 8/31/2022). According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537, or email ICDocketMgr@ed.gov and reference the OMB Control Number 1850-0925.

EDFacts is a U.S. Department of Education (ED) initiative to govern, acquire, validate, and use high-quality data for education planning, policymaking, and management and budget decision-making to improve outcomes for students. *EDFacts* centralizes data provided by SEAs, LEAs, and schools, and provides users with the ability to easily analyze and report data. This initiative has significantly reduced the reporting burden for state and local data producers, and has streamlined data collection, analysis, and reporting functions at the federal, state, and local levels.

1.0 Introduction

The ED*Facts* Metadata and Process System (EMAPS) is a Web-based tool used to provide state education agencies (SEAs) with an easy method of reporting and maintaining (1) data to meet federal reporting requirements, and (2) information on state policies, plans, and metadata in order to aid in the analysis of data collected. This document is intended to help guide the IDEA Part B Data Managers to enter data, and the state ED*Facts* Coordinators in accessing the EMAPS IDEA State Supplemental Survey (SSS) Metadata process.

1.1 Technological Requirements

EMAPS will work in all browsers, but Chrome is recommended for the best performance.

NOTE! EMAPS is unavailable from 8:00 a.m. ET to 2:00 p.m. ET on Saturdays for regularly scheduled maintenance.

1.2 Overview

The IDEA State Supplemental Survey (SSS) is reviewed and completed annually by the Part B Data Manager in each state. This survey collects metadata related to the SY 2021-22 IDEA data collections. The Department of Education (ED) will review these metadata responses to verify the accuracy of IDEA Section 618 data while utilizing the data submitted by states to meet annual data reporting requirements. The metadata responses will also decrease the need for states to submit data notes. State IDEA Part B Data Managers are authorized to input the metadata for this survey, while state ED*Facts* Coordinators are authorized to view the metadata for this survey.

The survey collects metadata about the following collections:

- IDEA Exiting
- IDEA Child Count
- IDEA Environments School Age
- IDEA Environments Early Childhood
- IDEA Staffing
- IDEA Discipline
- IDEA Assessment
- IDEA State Administration
- IDEA MOE Reduction & CEIS

Metadata will be collected for the 50 states plus the District of Columbia, Puerto Rico, U.S. Virgin Islands, Bureau of Indian Education, outlying areas American Samoa, Guam, and Northern Marianas, and freely associated states Micronesia, Northern Marianas, and Palau.

2.0 Frequently Asked Questions

Below is a list of frequently asked questions regarding the EMAPS IDEA State Supplemental Survey process. Additional questions about the process or suggestions for enhancements to the process should be directed to the Partner Support Center at edfacts@ed.gov.

When are the data due?

The survey will open February 7, 2022 and will close on March 2, 2022.

There will be a reopen period between January 9, 2023, and January 18, 2023.

Do not submit preliminary or placeholder data just to meet the submission deadline. Submitted survey responses will be assessed by the Office of Special Education Programs (OSEP) for timeliness, completeness, and passing edit checks. Data submissions with missing data elements are rated by OSEP as incomplete. The initial review of data for Annual Performance Report (APR) purposes will be based on data in the system as of 11:59 p.m. ET on the due date.

Will the system send notifications?

Email reminders will be sent to Part B Data Managers during the survey at the following times:

- When the survey is opened;
- When responses have been submitted to the database, a copy of the HTML report will be attached to the confirmation email;
- When there has been no account activity within EMAPS, a notification will be sent 3 days prior to the due date; and
- When responses have not been submitted to the database 3 days prior to the due date.

When the system is reopened, notifications will be sent when:

- The survey reopen period opens;
- OSEP has identified inconsistencies between the IDEA SSS responses and the IDEA Section 618 data submissions; and
- One week prior to the close of the reopen period.

How does ED use the responses in the IDEA SSS?

The submitted responses will be used in the ED Facts Submission System (ESS) for Submission Errors and Warnings identification. The responses will also be used by OSEP to conduct data quality reviews and to formulate data notes and documentation to accompany the release of IDEA Section 618 public release data files.

There is no *Previous* button on the Review and Submit Responses form. How are edits made to the responses on this form?

If a response needs to be corrected, exit the Review and Submit Responses form by clicking on the appropriate tab in the navigation menu to select the form that needs to be changed.

How do I ensure that the responses I entered are saved?

To exit the survey and continue work on it later, save a draft version by clicking the **SAVE AS DRAFT** button at the bottom of the form. Saving data as a draft will save the content entered on the form but *will not* generate an HTML report. HTML reports will only be generated after the survey has been submitted to the database from the **Review and Submit** form.

NOTE! If the screen is not redirected to the top of the page after the **SAVE AS DRAFT** button is clicked, check the survey for errors on the **Data Entry** form. The error message will appear in red text on the form.

Where do I document the actual minimum graduation age for my state?

Document the minimum graduation age in the Regular High School Diplomas section under the **IDEA - Exiting** section. If **Yes** is selected to the question **Is there a minimum age for graduation with a regular high school diploma in your state?**, enter a comment in the comment field, as it is a mandatory field. The comment must define the minimum graduation age.

Where do I document the actual maximum age at which a student with disabilities can receive special education services under IDEA for my state?

Document the maximum age at which a student with disabilities can receive special education services in the **Maximum Age for Services** section under the **IDEA – Exiting** section. Select the age at which students with disabilities can no longer receive special education services under IDEA in the state. The age entered should match the age at which the state reports counts in the Exiting data under the reporting category of **reached maximum age**. In the Exiting data, counts entered into this reporting category for an age lower than the age selected in this IDEA SSS may result in additional follow up or need for an explanation.

Will I be able to make any edits to the survey after the due date?

The survey will be accessible for modification during the reopen period between January 9, 2023, and January 18, 2023. OSEP reviews all responses for data quality discrepancies. If any discrepancies are identified between data submitted to ESS and the IDEA SSS responses, data quality comments will be included in the Data Quality Reports for the associated IDEA data collection (e.g., Exiting, Discipline, Child Count, Educational Environments). These Data Quality Reports will be uploaded to OMB MAX for review. Additionally, an email from the system will notify the IDEA Part B Data Manager that discrepancies have been identified and updates to the IDEA SSS responses may be needed. If this email is received, review the associated Data Quality Reports and IDEA SSS responses; make the necessary updates to the IDEA SSS responses during the reopen period.

How can I access the HTML report that was generated?

The HTML Report will be attached to the email confirming that the responses to the survey were submitted to the database. A copy of the HTML report will also be available

within EMAPS at two locations, either the **State REPORTS** tab within the IDEA SSS process or from the **REPORTS** tab on the EMAPS homepage.

Who may have access to the IDEA State Supplemental Survey for my state?

OSEP identified state IDEA Part B Data Managers as the expert for this information. Each state IDEA Part B Data Manager has been granted read/write access to the EMAPS online survey.

Each EDFacts Coordinator has been granted read only access to their state's responses to the IDEA SSS.

If the Part B Data Manager wishes to authorize someone else to complete this survey, contact the Partner Support Center (PSC) with the name and email address of the new user(s). The contact information for the Partner Support Center can be found below.

Email: edfacts@ed.gov

Telephone: 877-457-3336 (877-HLP-EDEN)

Federal Relay Service: 800-877-0996 (Voice/TTY) / federalrelay@sprint.com

Can I turn off automated emails during the reopen period?

To stop automated IDEA SSS reminder emails during the reopen period notifying the state a resubmission or data note is required, the Data Note checkbox should be checked.

- Selecting the Data Note checkbox is optional. States should select the Data Note checkbox if they have addressed the data quality issue(s) via a data note and do not wish to receive additional reminders.
- Once the check box is selected, followed by the **Save Response** button, the Data Note checkbox will become inactive and cannot be deselected.

A state can select the Data Note checkbox and continue to make updates to the IDEA SSS survey and then resubmit to capture the updates.

NOTE! Selecting the Data Note checkbox only stops IDEA SSS automated reopen emails regarding resubmission or data note requirement. This does not stop all automated emails from being sent.

Who do I contact if I have questions?

Additional questions about how the process works, or suggestions for enhancements to the process, may be directed to the Partner Support Center (PSC).

Email: edfacts@ed.gov

Telephone: 877-457-3336 (877-HLP-EDEN)

About the Survey

This survey collects metadata related to the SY 2021-22 IDEA data collections. The Department of Education (ED) will review these metadata responses to verify the accuracy of 618 data while utilizing the data submitted by states to meet annual data reporting requirements. The metadata responses will also decrease the need for states to submit data notes. State IDEA Part B Data Managers are authorized to input the metadata for this survey, while state EDFacts Coordinators are authorized to view the metadata for this survey.

Instructions

IDEA Part B Data Manager:

If this is your first review of the information to be used for the SY 2021-22 IDEA SSS Metadata Survey, please click on the "Review and Submit" tab. The data displayed in the "Review and Submit" form are the responses your state provided for the previous school year (SY 2020-21) survey.

If the previous year's responses (SY 2020-21) no longer apply or are incorrect for SY 2021-22 please click on the appropriate tab(s) to go to the required tab and make corrections. You can only review the information on the "Review and Submit" tab. You cannot make any corrections on this tab.

If you are satisfied with all your responses, click on the "SUBMIT" button on the "Review and Submit" tab to save your information and generate the HTML report.

Updating Responses:
Navigate through the survey by clicking on the link for each section, clicking on "UPDATE DATA" on top right, answering each question, and then clicking the "SAVE AS DRAFT" button located at the bottom of each screen.
