Dr. John M. Anderson
Office of the President
Millersville University

Dear Dr. Anderson:

This is to notify you of the resolution of the above-referenced complaint filed with the U.S. Department of Education, Office for Civil Rights (OCR) against Millersville University of Pennsylvania (the University). The Complainant alleged the University is discriminating against female students on the basis of sex in intercollegiate athletics by failing to accommodate the interests and abilities of female athletes.

OCR enforces Title IX of the Education Amendments of 1972, 20 U.S.C. § 1681, and its implementing regulation, 34 C.F.R. Part 106, which prohibit discrimination on the basis of sex in any education program or activity operated by a recipient of Federal financial assistance. As a recipient of Federal financial assistance from the Department, the University is subject to Title IX and its implementing regulation. Additional information about the laws OCR enforces is available on our website at <http://www.ed.gov/ocr>.

Under OCR procedures, a complaint may be resolved before the conclusion of an investigation if a recipient asks to resolve the complaint by signing a Resolution Agreement. The provisions of the Resolution Agreement must be aligned with the complaint allegations and be consistent with applicable regulations. Such a request does not constitute an admission of a violation on the part of the University, nor does it constitute a determination by OCR of any violation of our regulations.

Consistent with OCR's procedures, the University requested to resolve the complaint through a Resolution Agreement. On September 15, 2014, the University signed this Agreement. As is our standard practice, OCR will monitor the University's implementation of the Agreement, a copy of which is enclosed. Accordingly, OCR is concluding its investigation of these allegations and closing this complaint as of the date of this letter.

OCR has made clear to the University and the University understands that OCR does not require or encourage the elimination of any University intercollegiate athletic teams and that it seeks action from the University that does not involve the elimination of athletic opportunities, because nothing in Title IX or the Three-Part Test requires an institution to cut teams or reduce

opportunities for students who are participating in intercollegiate athletics in order to comply with the provisions of Title IX relating to the effective accommodation of the interests and abilities of male and female students. OCR has also made clear to the University that Title IX provides institutions with flexibility and choice regarding how they will provide nondiscriminatory participation opportunities.

Under the Freedom of Information Act, it may be necessary to release this document and related correspondence and records upon request. In the event that OCR receives such a request, we will seek to protect, to the extent provided by law, personally identifiable information, which, if released, could reasonably be expected to constitute an unwarranted invasion of personal privacy.

Please be advised that the University may not harass, coerce, intimidate, or discriminate against any individual because he or she has filed a complaint or participated in the complaint resolution process. If this happens, the Complainant may file another complaint alleging such treatment.

If you have any questions or concerns about our determination, please call me at (215) 656-6935.

Sincerely,

/s/
