Re: OCR Docket #15-16-1135

Dear Mr. Mullins:

This letter is to inform you of the disposition of the above-referenced complaint filed against Macomb Intermediate School District (the ISD) with the U.S. Department of Education (Department), Office for Civil Rights (OCR), on January 11, 2016, alleging discrimination on the basis of disability. Specifically, the complaint alleged that the ISD's website is not accessible to students and adults with vision and other physical impairments.

OCR is responsible for enforcing Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 794, and its implementing regulation at 34 C.F.R. Part 104, which prohibit discrimination on the basis of disability by recipients of Federal financial assistance. OCR is also responsible for enforcing Title II of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12131 *et seq.*, and its implementing regulation at 28 C.F.R. Part 35, which prohibit discrimination on the basis of disability by public entities. As a recipient of Federal financial assistance and as a public entity, the ISD is subject to these laws. Accordingly, OCR had jurisdiction to investigate this complaint.

Based on the complaint allegations, OCR opened an investigation of the following issues:

- Whether the ISD, on the basis of disability, excluded qualified persons with disabilities from participation in, denied them the benefits of, or otherwise subjected them to discrimination in its programs and activities based on disability, in violation of the regulation implementing Section 504 at 34 C.F.R. § 104.4 and the regulation implementing Title II at 28 C.F.R. § 35.130.

- Whether the ISD failed to take appropriate steps to ensure that communications with applicants, participants, members of the public, and companions with disabilities are as effective as communications with others, in violation of 28 C.F.R. § 35.160(a).

Summary of OCR’s Investigation

To date, OCR has investigated this complaint by reviewing information provided by the Complainant and conducting a preliminary assessment of the accessibility of several pages from the ISD’s website.

The complaint alleged that the ISD’s website is not in compliance with Section 504 and Title II because it is inaccessible to adults and students with visual impairments and other disabilities. The Complainant identified specific web pages on the ISD’s website alleged to be inaccessible—the home page, the “About us” page, and the “Special Education” page. The complaint alleged numerous problems in at least the “Special Education” page, including, for example, errors that cause screen readers to miss content.

OCR conducted a manual assessment of the accessibility of the ISD’s website through an automated website accessibility checker, the results of which suggested several problems. For example, OCR identified multiple pages with markup errors (e.g., missing end tags) that can cause screen readers to skip web page content. As another example, some pictures on the website did not have alternate attributes/tags, and so may not be readily identifiable by users with screen readers.

On February 11, 2016, prior to the completion of OCR’s investigation, the ISD asked to resolve this complaint pursuant to Section 302 of OCR’s *Case Processing Manual* (CPM). Although the results of the manual assessment described above do not, without more, provide sufficient evidence for OCR to determine a violation of Section 504 or Title II, they raise compliance concerns regarding the accessibility of the website. Therefore, OCR determined that it is appropriate to resolve this complaint with an agreement. Accordingly, OCR is not making a finding with regard to the ISD’s compliance with Section 504 or Title II in this letter.

After the ISD’s request to resolve this complaint under Section 302, the ISD provided OCR with information documenting the ISD’s efforts, dating from mid-2015, to overhaul its website. Materials from the vendor selected by the ISD indicate that accessibility would be a goal for its new website. On March 29, 2016, the ISD provided OCR with notice that the new website was about to be launched, and OCR confirmed that the new website was running. A brief review of the website indicated extant compliance concerns.

Applicable Regulatory Standards

The regulation implementing Section 504, at 34 C.F.R. § 104.4(a), provides that no qualified person with a disability shall, on the basis of disability, be excluded from

participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity which receives Federal financial assistance. In this usage, “program or activity” encompasses a broad variety of operations associated with the receipt of Federal financial assistance from the Department, including all operations of a local education agency or a college or university, as well as all of the operations of department, agency, or other instrumentality of a State or local government or the entity of such a State or local government that distributes such assistance and each such department or agency to which the assistance is extended.

The regulation implementing Section 504, at 34 C.F.R. § 104.4(b), further prohibits discrimination on the basis of disability in the provision of any aid, benefit, or service, directly or through contractual, licensing, or other arrangements. A recipient may not deny a qualified person with a disability the opportunity to participate in or benefit from the aid, benefit, or service; afford a qualified person with a disability an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others; provide a qualified person with a disability with an aid, benefit, or service that is not as effective as that provided to others; or otherwise limit a qualified person with a disability in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving an aid, benefit, or service.

The regulation implementing Title II, at 28 C.F.R. § 35.130, has requirements similar to those in the regulation implementing Section 504. Additionally, the regulation implementing Title II has specific requirements for communication, which, in pertinent part, require that public entities take appropriate steps to ensure that communications with applicants, participants, members of the public, and companions with disabilities are as effective as communications with others. 28 C.F.R. § 35.160(a)(1). Entities subject to Title II are required to provide equally effective communication, regardless of the medium chosen for their communication. Communication includes the transfer of information and encompasses information conveyed through computer-related applications and online environments.

OCR and the U.S. Department of Justice, Civil Rights Division, issued a Dear Colleague Letter on June 29, 2010 (June 2010 DCL), on access to emerging technologies for individuals with disabilities. OCR then issued another Dear Colleague Letter on May 26, 2011 (May 2011 DCL), along with a questions and answers document (FAQ), in follow-up to the June 2010 DCL. The FAQ clarifies that students with disabilities, especially visual impairments, are to be afforded “the opportunity to acquire the same information, engage in the same interactions, and enjoy the same services as sighted students.” The FAQ also clarifies that an accommodation or modification that is available only at certain times will not be considered “equally effective and equally integrated” where other students have access to the same information at any time and any location, as is the case with a website or other online content. The May 2011 DCL states that online programs are also covered and stresses the importance of planning to ensure accessibility from the outset.

While the May 2011 DCL and FAQ focused primarily on electronic book readers, the principles articulated in the documents apply to all forms of information technology. Though the DCL and FAQ discussed students as the affected population, recipients and public entities must ensure equal access to the educational benefits and opportunities afforded by the technology and equal treatment in the use of the technology for individuals with disabilities in any populations the recipient engages with its programs or activities, including students and members of the public.

Resolution and Conclusion

As noted above, prior to the completion of OCR's investigation, the ISD expressed interest in resolving the allegations in the complaint pursuant to Section 302 of OCR's CPM, which provides that a complaint may be resolved before the conclusion of an OCR investigation if a recipient asks to resolve the complaint and signs a resolution agreement that addresses the complaint allegations. Such a request does not constitute an admission of liability on the part of the ISD, nor does it constitute a determination by OCR that the ISD has violated any of the laws that OCR enforces. On May 18, 2016, the ISD submitted the enclosed signed resolution agreement (the Agreement) to OCR. The provisions of the Agreement are aligned with the complaint allegations and the information obtained to date during the investigation and consistent with applicable regulations. When fully implemented, the Agreement will resolve the allegations in the complaint.

In light of the Agreement, OCR finds that the complaint is resolved, and OCR is closing its investigation as of the date of this letter. OCR will, however, monitor the ISD's implementation of the Agreement. Should the ISD fail to fully implement the Agreement, OCR will reopen the complaint and take appropriate action to ensure the ISD's compliance with the Section 504 and Title II regulations.

This concludes OCR's investigation of the complaint and should not be interpreted to address the ISD's compliance with any other regulatory provision or to address any issues other than those addressed in this letter.

This letter sets forth OCR's determination in an individual OCR case. This letter is not a formal statement of OCR policy and should not be relied upon, cited, or construed as such. OCR's formal policy statements are approved by a duly authorized OCR official and made available to the public.

Please be advised that the ISD may not harass, coerce, intimidate, or discriminate against any individual because he or she has filed a complaint or participated in the complaint resolution process. If this happens, the harmed individual may file a complaint alleging such treatment.

The Complainant may file a private suit in federal court, whether or not OCR finds a violation.

We look forward to receiving the ISD's first monitoring report by September 14, 2016. For questions about implementation of the Agreement, please contact Erin Barker-Brown, who will be monitoring the ISD's implementation, by e-mail at Erin.Barker-Brown@ed.gov or by telephone at (216) 522-4978. For questions about this letter, please contact Sacara Martin, Supervisory Attorney/Team Leader, at (216) 522-7640.

Sincerely,

/s/

Emily C. Babb
Acting Director
