

## ***Developing Criteria and Setting Prevention Priorities***

**What are your top three criteria for prioritizing the problems identified by your needs assessment?**

- 1.
- 2.
- 3.

**What are the most compelling findings from your needs assessment?**

- 1.
- 2.
- 3.
- 4.

**Look at your list of findings and select the issue that you want to work on first. Think about how you can state this issue so that you mobilize public support for prevention efforts. Then summarize that issue below.**
