**Program Description**

The D.C. School Choice Program provides low-income parents residing in the District of Columbia (the District) with expanded options for the education of their children. This program is part of a broader school improvement effort in the District that is founded on the belief that all education sectors (public schools, public charter schools, and nonpublic schools) can offer quality education experiences for the District's students, and that those students who are the most economically disadvantaged have the least access to such experiences. One grant was awarded on a competitive basis to establish a scholarship program to provide eligible students with expanded school choice options. These scholarships enable students to attend a participating nonpublic District elementary or secondary school of their choice.
