Elementary and Secondary Education Act of 1965 (ESEA), as amended, Title I, Part B, Subpart 2

Program Regulations

EDGAR; 34 CFR 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99

Program Description

The program supports the development of early childhood centers of excellence that focus on all areas of development, especially on the early language, cognitive, and pre-reading skills that prepare children for continued school success and that serve particularly children from low-income families.

Types of Projects

Grants are designed to help early childhood centers improve their programs, by creating centers of excellence that provide preschool-age children with language and cognitive skills, and an early reading foundation. Funds must be used to:

- Enhance children's language, cognitive, and early reading skills through professional development for teachers;
- Provide early language and reading development and instructional materials as developed from scientifically based reading research;
- Provide preschool-age children with cognitive learning opportunities in high-quality language and literature-rich environments;

- Use screening assessments to effectively identify preschool children who may be at risk for reading failure; and
- Improve existing early childhood programs by integrating scientifically based reading research into all aspects of the program (including instructional materials, teaching strategies, curricula, parent engagement, and professional development).

Education Level (by category)

Early Childhood, Pre-K

Subject Index

Disadvantaged, Early Childhood Education, Early Reading, Prereading Experience, Reading
