Clarity and Alignment for Institutions

P. 5 (d) Receipt of non-Federal grants. If at any time during the award year the student receives assistance from non-Federal sources that equals or exceeds the student's cost of attendance **by more than \$250 consistent with the current federal award policy, as described in...**

Rationale: There is currently a federal overaward policy that says colleges do not have to adjust a student's aid if it is less than \$250 over need. This recommendation is aimed at keeping this new policy consistent with current policy and practice.
