

Edit to 690.3(d) - Transparency of approved programs
Submitted by Jeff Arthur

Propose adding language below that correlates to the information that will be submitted to ED.

Publishing this information will help students understand career pathways, employer alignment and program purpose.

690.93(d)...

“(9) A publicly available list of all programs approved under this section, including for each program the program name, the corresponding CIP code, and the associated Standard Occupational Classification (SOC) code(s) or occupational titles used to determine high-skill, high-wage, or in-demand alignment.”

690.93(b) could also include:

“As part of the Governor’s publicly available process, the Governor shall publish and maintain an online list of all programs approved under paragraph (a), including the CIP and SOC codes associated with each program’s labor market alignment determination.”
