

## **Proposal Consideration for 690.95 (c ) Submitted by J Ritchie Morrow**

For your consideration, in 690.95(c):

(c) The institution must keep published tuition and fees at or below the value-added earnings calculated for the program for all students who first enroll in the eligible workforce program during the award year that begins following the annual release of the program's value-added earnings, **CPI-adjusted from the year of earnings used in the calculation to the calendar year aligned with the start of the award year that begins following release of the earnings.**
