Please see suggested modification to the updated language presented on 12/9/25 by the Department of Ed.

State Workforce Agencies and State Workforce Development Boards

34 CFR 690.93 - Components determined by Governor

(g) A program that serves as ~~the~~ **a component of the** related instruction ~~component~~ of a Registered Apprenticeship Program meets the requirements of paragraph (a)(1) and (a)(2) of this section.

Rationale: Registered Apprenticeship programs may include multiple, non-sequential sections of related instruction. This modification would allow for multiple, approved workforce Pell programs to be imbedded into a Registered Apprenticeship program.
