

Requested Clarification / Tweak for § 690.93(b)(iv) from Employers

Submitted by David Kafafian

We thank the Department for their proposed revision to § 690.93(b)(iv) as proposed this morning. We would suggest the below clarification to clearly incorporate the "same institution" concept that is made clear in the statute and that we believe gets lost in the currently proposed regulatory text.

*A written policy for institutions to establish that an eligible workforce program will ensure the award of academic credit towards a certificate or degree program upon a student's successful completion of the eligible workforce program and enrollment in such certificate or degree program, and that such credit will be accepted at the eligible institution that offered the provided the eligible workforce program, or at one or more eligible institutions, such as through established articulation agreements, transfer-of-credit agreements, consortium or partnership agreements, or similar arrangements*
