

CONSOLIDATED STATE PERFORMANCE REPORT

PART II

[MANUAL ENTRY SECTIONS ONLY]

School Years 2022-23, 2023-24, 2024-25

Introduction

The Consolidated State Performance Report (CSPR) is a summary overview of the data required to be reported annually by each State, the Bureau of Indian Education, District of Columbia, and Puerto Rico as authorized under Section 8303 of the *Elementary and Secondary Education Act (ESEA)*, as amended by the *Every Student Succeeds Act of 2015 (ESSA)*. All citations to the ESEA in this document are to the ESEA, as amended by the ESSA.

Section 8303 states:

SEC.8303. Consolidated Reporting – (a) In general: In order to simplify reporting requirements and reduce reporting burdens, the Secretary shall establish procedures and criteria under which a State educational agency, in consultation with the Governor of the State, may submit a consolidated State annual report. (b) Contents: The report shall contain information about the programs included in the report, including the performance of the State under those programs, and other matters as the Secretary determines are necessary, such as monitoring activities. (c) Replacement: The report shall replace separate individual annual reports for the programs included in the consolidated State annual report.

Background

Data Sources

The CSPR compiles summary data from the following sources: EDFacts data files and manual entry data reported by states.

Unless an EDFacts file specification is noted (e.g., FS185/DG588) the data were reported to the Department using the manual entry CSPR tool. Much of the data in the CSPR are available at a greater level of detail in public data files on the Office of Elementary and Secondary Education's ED Data Express (<https://eddataexpress.ed.gov/>).

Notes on Data

Totals

In cases where an Education Unit Total is reported, it is possible that it may not equal aggregated race/ethnicity, age/grade, or sex values. This may be due to differences in how the state reports the data in accordance with the state's approved accountability plan or due to data quality issues.

Calculated Fields

The CSPR contains some fields that have been calculated using data reported by states. In those instances, the field is marked as "Calculated" in the CSPR template.

Asian/Pacific Islander and Hispanic/Latino Aggregations

The "Asian or Pacific Islander" counts and rates are either those reported by the State for the Asian/Pacific Islander subgroup or are calculated by combining the counts and rates reported separately for the following subgroups: "Asian," "Native Hawaiian or Other Pacific Islander," and (where applicable) "Filipino." Note that Filipino counts and rates are not reported separately in the CSPR and are only included in the "Asian or Pacific Islander" counts and rates.

The Hispanic or Latino counts and rates are either those reported by the State for the Hispanic/Latino subgroup or are calculated by combining counts and rates reported separately for the following subgroups: "Hispanic (not Puerto Rican)" and "Puerto Rican."

Differences between ED and State Data

State education agencies report data to ED via the CSPR manual entry tool and the ED Facts file submission system. All data in the CSPR are as of the due date or the final resubmission date. States may release data on their own state education data sites that may have a different "as of" date or may have gone through additional data quality/reconciliation processes.

Narrative Responses

Narrative responses are limited to 5000 characters.

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1810-0724. The time required to complete this information collection is estimated to average 35.00 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. The obligation to respond to this collection is required to obtain or retain a benefit under the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA).

If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4537. If you have comments or concerns regarding the status of your individual submission of this form, write directly to: Office of Elementary and Secondary Education, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

Public postsecondary education in the state	Manual Entry
Private postsecondary education in the state	Manual Entry
Postsecondary outside the state	Manual Entry

2.5 Prevention and Intervention Programs for Children and Youth who are Neglected, Delinquent, or At Risk

This section contains data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

2.5.1 State Agency Title I, Part D programs and facilities that serve neglected and delinquent students and the average length of stay for these students

The following table contains data on Title I, Part D, Subpart 1 programs and facilities. States report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year and count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), each of the separate programs is counted.

2.5.1.1 Title I, Part D Subpart 1 programs and facilities by program/facility type

2.5.3 LEA Title I, Part D Programs and Facilities – Subpart 2

The table below contains the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year are reported. A facility is counted once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), each of the separate programs is counted.

2.8.4 RLIS Subgrant Award Determination

The response below contains a description of the method the SEA used to award grants to eligible LEAs. If the SEA used a competitive process, the State describes that process and includes a description of the methods and criteria the SEA used to review applications, award funds to LEAs, and how the LEAs were notified of the process. If the SEA used a formula besides one based on the number of students in average daily attendance served by eligible LEAs in the State, the State describes that formula, including an explanation of how this alternative formula enables the SEA to allot grant funds in a manner that serves equal or greater concentrations of children from families with incomes below the poverty line, relative to the concentration that would be served if the SEA used a formula based on the number of students in average daily attendance served by eligible LEAs in the State.
