

August 7, 2024

Greetings, grantees –

The Department has published the following updated Information Collection Requests (ICRs) in the Federal Register:

- [ICR: Education Stabilization Fund-Emergency Assistance for Non-Public Schools \(EANS\) Program Recipient Data Collection Form 072424](#)
- [ICR: Education Stabilization Fund-Governor's Emergency Education Relief \(GEER I and GEER II\) Program Recipient Data Collection Form 072424](#)
- [ICR: Education Stabilization Fund-Elementary and Secondary School Emergency Relief \(ESSER I/ESSER II/ARP ESSER\) Program Recipient Data Collection Form 080624](#)

These documents serve to request approval for extensions to previously approved ICRs that expire in 2025. The public is invited to submit comments regarding the ICRs for the EANS and GEER programs by September 23, 2024, and for the ESSER program by October 7, 2024.

The information collected will be reviewed by the Department to ensure ESSER, GEER, and EANS funds are used in accordance with applicable requirements under the CARES, CRRSA, and ARP Acts and will be shared with the public to promote transparency regarding the allocation and uses of funds. Furthermore, the information collected will be analyzed to provide aggregate statistics on SEA and LEA uses of Education Stabilization Fund (ESF) funds to address the impacts of the COVID-19 pandemic on students and schools.

The Department proposes no substantial changes to the annual performance reporting (APR) data collection forms, which can be viewed on the [Education Stabilization Fund](#) web page.

If you have any questions, please send an email through your State's mailbox ([*Statename*].*OESE@ed.gov*).

In partnership,
Office of State and Grantee Relations
