

October 25, 2024

Greetings, grantees -

As you know, the obligation deadline for ARP programs was September 30, 2024. 2 CFR Appendix-A-to-Part-170(a) specifies that subawards must be reported by the end of the month following the month in which the subaward was issued, and all subawards must be reported to the Federal Funding Accountability and Transparency Act (FFATA) Subaward Reporting System (FSRS) at <http://www.fsrs.gov>.

Because September 2024 was the final month in which a subaward could have been issued, the latest any ARP program subawards should be reported is October 31, 2024. In previous communications, we have specified that all ARP programs must be verified as both accurate and complete by the grantee, through the State mailbox ([Statename].OESE@ed.gov), by November 15, 2024.

This is a reminder to you to confirm with your program officer that your ARP reporting is accurate and complete by November 15, 2024. In addition, you should have previously confirmed that the FFATA reporting for your CARES and CRRSA programs is also accurate and complete. If you have not yet confirmed, or if you have made edits to your reporting since confirming, please also confirm that your FFATA reporting for those programs is accurate and complete by November 15, 2024. This requirement applies to all ESSER, GEER, and EANS programs.

If you need assistance, please reach out to us through your State mailbox prior to November 15 so we can help you resolve any issues. (State mailbox for email: [Statename].OESE@ed.gov. Example: NewHampshire@OESE@ed.gov).

In partnership,
Office of State and Grantee Relations
