

UNITED STATES DEPARTMENT OF EDUCATION

May 16, 2024

The Honorable Brian L. Maher
Commissioner of Education
Nebraska Department of Education
500 S. 84th Street
Lincoln, NE 68510

Dear Dr. Maher,

I am writing to recognize Nebraska's ongoing commitment to the maintenance of equity requirements under section 2004(b) of the American Rescue Plan Act of 2021 (ARP). Knowing the numerous, competing priorities facing States, State educational agencies, and local educational agencies, Nebraska's work to implement these new, critically important resource equity requirements is appreciated. We note that Nebraska's action is a result of cooperative efforts involving Governor Pillen, appropriators in your State Legislature, and State educational agency leadership and staff.

ARP maintenance of equity requirements help ensure that State and local education funding supports students who experienced longstanding opportunity gaps before, and were disproportionately impacted by, the COVID-19 pandemic. In implementing these provisions through a mix of data-quality efforts, engagement with Department-provided technical assistance, and maintenance of State education funding for the communities and students who need it most, Nebraska is taking critical steps to accelerate academic recovery and close opportunity and achievement gaps.

Thank you for your collaboration on the implementation of the maintenance of equity requirements and for all you do for Nebraska's students, educators, and families.

Sincerely,

Adam Schott
