## **I. Introduction**

This document provides information regarding the process for the U.S. Department of Education's (Department's) monitoring for the McKinney-Vento Education for Homeless Children and Youths (EHCY) and American Rescue Plan Elementary and Secondary School Emergency Relief Homeless Children and Youth (ARP-HCY) programs.<sup>1</sup> Since 2019, the EHCY program has been administered by the Office of School Support and Accountability (SSA) in the Office of Elementary and Secondary Education, and in 2021, SSA began administering the new ARP-HCY program. A critical function of the Department is monitoring how each State educational agency (SEA) is implementing Federal programs, including how SEAs are monitoring performance and using Federal funds to meet the goals of the programs. In any fiscal year, the Department will undertake a number of monitoring reviews of the EHCY and ARP-HCY programs. These reviews enable the Department to gather data about State and local needs and use that data to design technical assistance initiatives and national leadership activities. Thus, monitoring serves as a means for helping States achieve high-quality implementation of educational programs. It also informs our technical assistance to States and local education agencies (LEAs) both from the National Center for Homeless Education (NCHE), the Department's contracted technical assistance center, and from the Department's homeless education program office.

This document details the overall process for monitoring a State's EHCY and ARP-HCY programs from notification of the review, submission of documentation, the on-site or remote interviews, and the publishing of a monitoring report. The SEA self-assessment and LEA interview protocols are in Appendices A and B. The SEA self-assessment (and interview protocol) is organized around seven topics which include SEA monitoring and SEA and LEA performance evaluation; SEA policy and coordination and professional development and technical assistance; and SEA oversight of LEA subgrants for EHCY and ARP-HCY, oversight of the SEA set-aside for EHCY and ARP-HCY, and the Title I, Part A LEA set-aside for homeless students. The intent of the SEA self-assessment and requested documentation is to reduce the amount of interview time needed by allowing the SEA to provide responses to the topics in advance of the discussion between the Department and SEA staff. Then, the discussion will focus on the SEA responses, providing a more focused and efficient interview. The LEA interview protocol has fewer topics and questions than the SEA interview protocol; LEAs are not required to submit any documentation or description in advance of the interview. The Department interviews local liaisons and other staff with homeless education duties to understand the SEA's guidance to, and support and oversight for, LEAs for the EHCY and ARP-HCY programs. Thus, any commendations, findings, or recommendations in the monitoring report are directed to the SEA.

The Department uses a risk assessment to identify SEAs to be reviewed each year. This risk assessment considers factors such as the size of the EHCY and ARP-HCY allocations, number of subgrantees, audit findings and overall SEA fiscal risk, data quality and program performance concerns, frequency of turnover of the SEA State Coordinator, the length of time since the SEA

was last monitored, and the number and severity of findings from past reviews. Past EHCY and consolidated monitoring reports for States going back to 2007 are available at <https://oese.ed.gov/offices/office-of-formula-grants/school-support-and-accountability/key-documents/>.

For FY 2025, the ARP-HCY program will be reviewed to the extent that it is part of an extended liquidation request by the state educational agency that may also include the LEAs selected for interview. However, fewer questions will be asked about the allocation and obligation of funds.

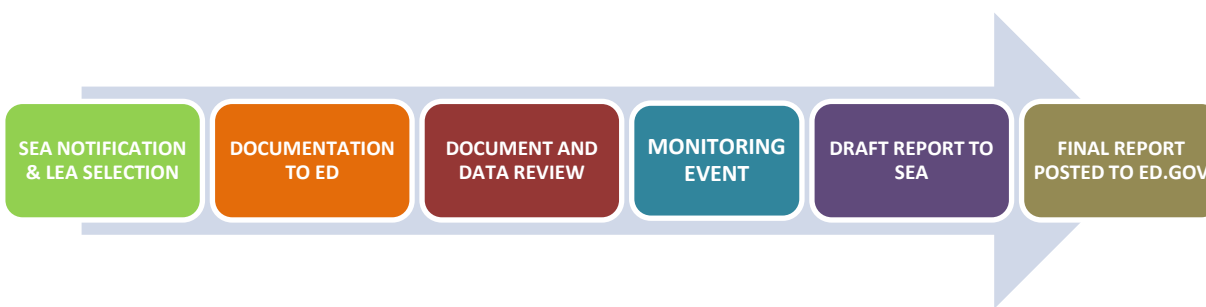

## II. Monitoring Overview

### Monitoring Definition, Purpose and Authority

Monitoring is the regular and systematic examination of a State’s administration and implementation of a Federal education grant, contract, or cooperative agreement. The Department monitors programs under the general administrative authority of its Organization Act (Public Law 96-88). Monitoring our grantees is required by the Office of Management and Budget’s Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) at 2 C.F.R. § 200.328, which applies to EHCY and ARP-HCY programs. In essence, we are monitoring for statutory and regulatory requirements and implementation of the State plan approved by the Department for both EHCY and ARP-HCY. Figure 1, below, outlines the relationship of these authorities of the Department to monitor grantees from the Federal agency level to the program-specific level.

In addition, an SEA is required to monitor the State’s LEAs. When the EHCY program was reauthorized in 2015 this was added to “Functions of the Office of Coordinator” in section 722(f)(5) of the McKinney-Vento Homeless Assistance Act (McKinney-Vento Act) and included all LEAs, not only EHCY subgrantees. For LEAs, the requirement to comply with this monitoring is in section 722(g)(2) of the McKinney-Vento Act. It is expected that SEAs will review and evaluate LEAs, with and without subgrants, both for compliance with programmatic and fiscal requirements and for the educational performance of students experiencing homelessness. The Uniform Guidance includes requirements for SEAs to assess LEA fiscal and performance risk and monitor for programmatic compliance (see 2 CFR 200.205-6, 200.301-2 and 200.329).

## III. Monitoring Process

## A. Preparation for the Review

The Department staff member leading the review team will contact the State Coordinator to schedule the review, which will occur at least three months from the initial time of contact. At that time, staff will share the monitoring plan with the SEA self-assessment and LEA interview protocol. The Department will also ask for the SEA's recommendations for three or four LEAs to meet with during the review based on grantee award amounts, numbers of students identified as homeless, location in the State, and performance on key homeless education measures such as graduation rates and chronic absenteeism. Discussions with LEAs are an important component of the review; they provide an opportunity for staff to see and hear about the SEA's implementation of and support for the EHCY and ARP-HCY programs at the local level. Once a mutually agreed upon date is determined, a formal letter of notification for a program review is sent to the chief State school officer and State coordinator.

The deadline for submitting the SEA self-assessment and supporting documentation will be approximately one to two months prior to the scheduled review. Documents should be uploaded into folders through the extranet website for SEA staff provided by NCHE. (The extranet website is the same place where State coordinators obtain annual LEA data workbooks and maps.) Timely submission of documentation is critical; this permits time for Department staff to conduct a thorough review of the SEA's documentation, which will then permit a more efficient monitoring visit. If important documents are missing prior to the interviews, Department staff will contact the SEA to obtain them or to determine the reason for their absence. Below is a chart that outlines the major milestones of preparing an SEA for a Federal program review.

### Pre-Monitoring Steps

Notification	Usually three months prior to review
LEA selection	Usually within two weeks of notification
Pre-monitoring webinar	Usually offered by the Department approximately four weeks after notification
Documents received	Approximately 1-2 months prior to review
Department staff finish review of documentation and identification of interview questions	Approximately 1-2 weeks before review

## B. The Monitoring Event

The monitoring event typically lasts two or three days. First, Department staff interview SEA staff responsible for administering the EHCY and ARP-HCY programs. Often, the SEA interview includes grant fiscal management staff, managers of the office in which the EHCY and ARP-HCY programs are situated, and Title I, Part A staff who coordinate with the McKinney-Vento program. The Department may request additional documentation during the monitoring

visit to confirm points made during the discussion. In such cases, the SEA will be given time, as needed, to provide the additional documentation following the monitoring interview. Then, there are between two and four interviews with local liaisons from LEAs both with and without subgrants. At a minimum, the interview should involve the local liaison and perhaps the Title I, Part A coordinator, but other staff are welcome to attend, and SEA staff may listen in.

At the conclusion of the monitoring interviews, the Department will provide initial, informal feedback to the SEA through a debrief meeting. At the debrief meeting, the Department will identify good practices observed of the SEA and LEA as well as potential areas of concern that may be cited in the monitoring report. The Department will summarize the program review activities, the potential findings and recommendations, and the estimated timeline for providing the monitoring report to the State. The information presented at the debrief meeting is preliminary, and the Department may continue to review data and contact the SEA for additional information. The SEA may also submit updated documentation during this period.

### C. The Reporting Process

The Department will issue a draft monitoring report to the SEA approximately 40 business days after the debrief meeting. The report will include commendations, findings and/or recommendations. The SEA will have 5 business days to identify any factual errors. After considering any feedback provided by the SEA on the draft report, the Department will issue the final monitoring report to the chief State school officer. If there are any findings, the SEA will have 30 business days to submit a corrective action plan (CAP) using a template provided by the Department. After being sent to the SEA, monitoring reports will be posted online at: <https://oese.ed.gov/offices/office-of-formula-grants/school-support-and-accountability/performance-review/>.

#### **Post-Monitoring Steps**

Draft report to SEA	40 business days after debrief with SEA
SEA response	5 business days after sending to SEA
Final report issued	5 business days after technical corrections sent to SSA
CAP deadline	30 business days after final report issued
Online Posting of Final Report	As soon as the report is finalized

## **Appendix A. SEA Self-Assessment and Interview Protocol for McKinney-Vento Education for Homeless Children and Youth (EHCY) and American Rescue Plan Homeless Children and Youth (ARP-HCY) Programs**

Subtitle VII-B of the McKinney-Vento Homeless Assistance Act [42 U.S.C. § 11431 et seq.]

American Rescue Plan, Title II, Subtitle A, Part I, section 2001(b), Elementary and Secondary School Emergency Relief Fund, Homeless Children and Youth

Title I, Part A of the Elementary and Secondary Education Act of 1965 [20 U.S.C. § 6301 et seq.]

### *Description:*

This document was developed to enable the Department to assess a SEA's current activities related to: a) monitoring and performance management process; b) program coordination and local educational agency (LEA) support procedures; and c) fiscal grant award oversight to determine whether the SEA is in compliance and whether further technical assistance may be needed to continue improving the performance of programs serving children and youth experiencing homelessness. Based on SEA responses to the questions and the Department's review of submitted documentation, some questions may be removed from the SEA interview protocol.

### *Before you begin:*

Review all components of the self-assessment, including the *Questions* and *Suggested Documentation* list. When necessary, involve key staff from the SEA to assist in answering questions throughout the self-assessment.

### *Directions:*

1. Respond to every question in the self-assessment using the most current information from your SEA's EHCY and ARP-HCY programs or administration of the Title I, Part A LEA homeless reservation under the ESEA. If you are unable to answer a question or provide supporting documentation for a question, leave the question blank.
2. Review the *Suggested Documentation* column and upload supporting documentation to the National Center for Homeless Education's (NCHE's) portal located at: <http://nche.seiservices.com/Extranet/LoginS.aspx>. Ensure all files submitted follow a common labeling convention that is easy for Department staff to understand. Filenames should include the document name and corresponding topic and question number (e.g., Monitoring\_1.1a, Monitoring\_1.1b, etc.).
3. Submit the completed self-assessment to the Department through the NCHE Extranet. It is acceptable to delete the first two columns so that there is more space for the SEA's narrative response to the question. In the column for suggested documentation, please list the file labels of the documents submitted.
4. NOTE: it is not necessary to provide NCHE's products or the Department's guidance as documentation, but any SEA announcements that accompany these disseminated resources to LEAs are welcome.

## Appendix B. LEA Interview Protocol for McKinney-Vento Education for Homeless Children and Youth (EHCY) and American Rescue Plan Homeless Children and Youth (ARP-HCY) Programs

Description: Subtitle VII-B of the McKinney-Vento Homeless Assistance Act ensures that children and youths experiencing homelessness have equal access to the same free, appropriate public education, including a public preschool education, as provided to other children and youths. State educational agencies (SEAs) and local educational agencies (LEAs) must remove barriers to the identification, enrollment, or success in school of children and youths experiencing homelessness. These children and youths must have access to the education and other services that they need to ensure they have an opportunity to meet the same challenging State academic standards to which all students are held.

<b>Program Overview</b>		
	<b>Question</b>	<b>Notes</b>
	Describe a recent program innovation or cross-program or interagency collaboration that the LEA has engaged in within the past year that has been effective.	
<b>1. SEA Monitoring</b>		
	<b>Question</b>	<b>Notes</b>
1.1	Has the SEA conducted any monitoring of the LEA’s homeless education program(s)? If so, please describe the process by which the LEA was notified, prepared, reviewed, and reported to afterwards for the most recent visit.	

<b>2. LEA Performance Evaluation</b>		
	<b>Question</b>	<b>Notes</b>
2.1	Describe how the SEA informs the LEA about annual data collection responsibilities.	
2.2	Describe how the EHCY and/or ARP-HCY programs use the LEA's annual data on homeless students that the SEA submits to the Department (i.e., on enrollment, young homeless children served, chronic absenteeism, adjusted cohort graduation rates (ACGR), and State assessments in reading/language arts, mathematics, and science)?	
2.3	What emphasis does the EHCY and/or ARP-HCY program place on student academic outcome trends and achievement gaps as part of the program?	
2.4	For example, how are homeless students in the district performing on statewide assessments, ACGR and chronic absenteeism compared to all students over a period of years?	
<b>3. SEA Program Support - SEA Policy and Coordination</b>		
	<b>Question</b>	<b>Notes</b>
3.1	How does the SEA typically provide updates about homeless education program requirements and expectations? Please provide an example of a recent policy or guidance communicated with you?	
3.2	How has the State supported your district in increasing the identification of children and youth experiencing homelessness from historically underserved populations?	
3.3	How are LEA liaisons made aware of the SEA's dispute resolution policy?	
3.4	If different, what is the LEA's McKinney-Vento dispute resolution policy?	
3.5	What guidance does the SEA provide on the policies and practices around the requirement that the LEA and its	

	schools provide records on request in a timely fashion when a child or youth transfers to or enters a new school or school district?	
3.6	How does the LEA maintain information about a homeless child's or youth's living situation as a student education record (and not directory information)?	
3.7	What guidance and support does the SEA provide to the LEA on the implementation of feeder/receiving school of origin and preschool of origin rights in interdistrict situations?	
3.8	<p>Which Federal programs in the LEA and grantees of other agencies such as the U.S. Departments of Housing and Urban Development and Health and Human Services have LEA staff collaborated with over the past year to improve services to students experiencing homelessness?</p> <ul style="list-style-type: none"> <li>a. 3.9	If applicable, how has the LEA collaborated with CBOs that are well-positioned to identify children and youth experiencing homelessness from historically underserved communities and connect them to wrap-around services?	

**4. SEA Program Support - Professional Development and Technical Assistance**

	<b>Question</b>	<b>Notes</b>
4.1	What professional development (PD) and technical assistance (TA) opportunities does the State coordinator offer to staff in the LEA? How does the SEA solicit ideas for PD and TA?	
4.2	Does the SEA ask for feedback on the effectiveness of PD and TA provided?	
4.3	Does the SEA provide TA to LEAs to ensure community agencies or local businesses that serve families and youth experiencing homelessness such as shelters, motels, soup kitchens, libraries, laundromats, post offices, offices of public health or assistance, and runaway/unaccompanied youth programs are made aware of the rights of homeless students?	
4.4	How does the SEA ensure that LEA liaisons and relevant LEA personnel are trained on ESSA provisions?	

4.5	Describe how the SEA assists new LEA liaisons with learning their responsibilities for implementing McKinney-Vento EHCY and ARP-HCY program requirements.	
<b>5. SEA Fiscal Oversight - LEA Subgrant Oversight</b>		
	<b>Question</b>	<b>Notes</b>
5.1	Has the State provided EHCY subgrant information and application reviews in a timely manner?	
5.2	How was the LEA informed of and invited to apply for ARP Homeless I and/or ARP Homeless II grant opportunities?	
5.3	Has the State provided the disbursement of EHCY, ARP Homeless I and/or II subgrant funds in a timely manner, for example, so that funds may be obligated at the start of the school year?	
5.4	Has the State allowed and provided any information about available balances and carrying over unobligated funds to the next grant year?	
5.5	How does the LEA ensure that subgrant activities are not replacing the regular academic program and are expanding upon or improving services provided as part of the LEA's regular academic programs?	
5.6	How does the LEA use the EHCY and/or ARP Homeless I and II subgrants to leverage resources, including by maximizing nonsubgrant funding, for the position of the LEA liaison and the provision of transportation?	
5.7	What technical assistance has the LEA received from the SEA on the use of EHCY and ARP-HCY subgrant funds?	
5.8	What internal fiscal controls does the LEA have in place to account for the use of EHCY and ARP-HCY subgrant funds?	

5.9	If the LEA contracts for services with an outside entity such as a CBO, how does the LEA monitor the use of those funds and evaluate the quality of services provided?	
-----	--	--

**6. SEA Set-Aside Oversight for EHCY and ARP-HCY (Not Applicable – SEA Only)**

**7. SEA Fiscal Oversight - Title I, Part A LEA Homeless Set-Aside**

	<b>Question</b>	<b>Notes</b>
7.1	What is the LEA’s Title I, Part A homeless set-aside amount and how is it used to serve students?	
7.2	How is the Title I, Part A homeless set-aside determined annually, for example, based on a needs assessment?	
7.3	Has the LEA adjusted the Title I, Part A homeless set-aside based on changing needs or resources?	
7.4	What guidance or feedback has the SEA provided to the LEA concerning the Title I, Part A homeless set-aside before or after submitting a Title I or consolidated Federal program application?	
7.5	How does the LEA assess the effectiveness of the set-aside amount and activities to address the educational needs of students experiencing homelessness?
