The Learning Acceleration Partnership (LAP), an alliance of four (4) diverse LEAs, will boldly improve learning conditions by accelerating learning for underserved students and stabilizing the educator workforce across sixteen (16) high-need schools. The LAP will meet this audacious goal by enhancing their Human Capital Management Systems to ensure students have equitable access to effective teachers and quality, Tier 1 instruction. Doing so requires a focus on supporting strong Tier 1 instructional practices through building the capacity of teachers and leaders with professional learning, in alignment with each LEAs performance-based evaluation system.
