United Cerebral Palsy (UCP) of Central Florida

All Children Can Learn

UCP Charter Schools serve approximately 2,100 students with ages ranging from 18 months through 12th grade, with a disproportionate number of students with disabilities (including students with significant disabilities) educated together with their peers. UCP Central Florida will expand and create new learning opportunities and seats for students with and without disabilities. The locations will be UCP West Orange Charter School, Winter Garden, FL - Expansion; UCP Osceola Charter School, Kissimmee, FL – Expansion; UCP Virtual Learning Academy, Orlando, FL – New; UCP Elementary – New Site, TBD location; and UCP Elementary – New Site TBD location.

UCP Charter Schools is committed to inspiring excellence in teaching and learning by creating and maintaining a workforce of increasing diversity where students are able to learn from adult role models who look like them and share common experiences, as well as highly effective educators who may not look like them but bring the diversity of many backgrounds and experiences.

Competitive Preference Priorities (CPPs) Addressed:

CPP 1 – Racially and Socioeconomically Diverse Student Bodies

Objective #1: Increase number of high-quality public charter school seats in Central Florida for students with and without disabilities.

Objective #2: UCP Charter Schools will increase learning gains for students with and without disabilities.

Objective #3: UCP Charter Schools will provide amazing family support and engagement.

Objective #4: UCP will optimize their fiscal operations.
