

Resolution Agreement

College of Western Idaho
OCR Reference No. 10172232

The Office for Civil Rights (OCR) of the U.S. Department of Education initiated an investigation into an allegation that the College of Western Idaho (“the college”) violated Section 504 of the Rehabilitation Act of 1973 (“Section 504”) and its implementing regulations at 34 C.F.R. Part 104, and Title II of the Americans with Disabilities Act of 1990 (“Title II”) and its implementing regulations at 28 C.F.R. Part 35. Specifically, the complainant alleged that the college’s website contained barriers to access for people with disabilities, thereby denying them an equal opportunity to participate in the college’s programs, services, and activities, and denying them effective communication necessary for full participation in the college’s programs, services, and activities.

This Agreement has been entered into voluntarily and does not constitute an admission that the college violated Section 504 and Title II and those statutes’ implementing regulations.

Assurances of Nondiscrimination. The college hereby reaffirms its commitment to ensure that people with disabilities have an opportunity equal to that of their peers without disabilities to participate in the college’s programs, benefits, and services, including those delivered through electronic and information technology, except where doing so would impose an undue burden or create a fundamental alteration.

Benchmarks for Measuring Accessibility. For the purposes of this Agreement, the accessibility of on-line content and functionality will be measured according to the W3C’s Web Content Accessibility Guidelines (WCAG) 2.0 Level AA and the Web Accessibility Initiative Accessible Rich Internet Applications Suite (WAI-ARIA) 1.0 techniques for web content, which are incorporated by reference.

Adherence to these accessible technology standards is one way to ensure compliance with the college’s underlying legal obligations to ensure people with disabilities are able to acquire the same information, engage in the same interactions, and enjoy the same benefits and services within the same timeframe as their nondisabled peers, with substantially equivalent ease of use; that they are not excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in any college programs, services, and activities delivered on-line, as required by Section 504 and Title II and those statutes’ implementing regulations; and that they can receive effective communication of, and engage with, the college’s programs, services, and activities delivered on-line.

The college voluntarily agrees to take the actions set forth below.

1. Undue Burden and Fundamental Alteration. For any technology-related requirement in this agreement for which the college asserts an undue burden or fundamental alteration defense, such assertion may only be made by the college Vice President of

Communication and Government Relations, or by an individual designated by the president, and who has budgetary authority after considering all resources available for use in the funding and operation of the service, program, or activity. If the college asserts either defense, the college must provide a written statement of the reasons for reaching that conclusion, including the cost of meeting the requirement, the available funding and other resources, and its plan for providing equally effective alternate access. To provide equally effective alternate access, alternatives are not required to produce the identical result or level of achievement for persons with and without disabilities, but must afford persons with disabilities an equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement, in the most integrated setting appropriate to the person's needs. The written statement will be certified by the president or his or her designee.

2. Policies and Procedures for New On-line Content and Functionality. The college will adopt proposed policies and procedures ("the Plan for New Content") to ensure that all new, newly added, or modified on-line content and functionality will be accessible to people with disabilities as measured by conformance to the Benchmarks for Measuring Accessibility set forth above, except where doing so would impose a fundamental alteration or undue burden.

The Plan for New Content must include sufficient quality assurance procedures for full implementation, setting up a system of testing and accountability to maintain the accessibility of all on-line content and functionality on an ongoing basis, and backed by adequate personnel and financial resources. This requirement also applies to the college's on-line content and functionality developed by, maintained by, or offered through third-party vendors or through the use of open sources, and includes setting up systems of accountability and verifying claims of accessibility by vendors or open sources.

When fundamental alteration or undue burden defenses apply, the Plan for New Content will require the college to provide equally effective alternate access. The Plan for New Content will require the college, in providing equally effective alternate access, to take any actions that do not result in a fundamental alteration or undue financial and administrative burdens, but nevertheless ensure that, to the maximum extent possible, individuals with disabilities receive the same benefits or services as their nondisabled peers.

Within 90 calendar days of receiving OCR's approval of the Plan for New Content, the college will officially adopt and fully implement the policies and procedures.

Reporting:

- a) By March 1, 2018, the college will submit to OCR for its review and approval a proposed Plan for New Content. If OCR requires any changes to the Plan for New Content, the college will make the changes and re-submit the Plan for New

Content within 20 calendar days of receiving OCR's notice of the required changes. OCR and the college will follow the same process until OCR approves the Plan for New Content.

b) Within 45 calendar days of receiving OCR's approval, the college will submit to OCR the approved Plan for New Content, evidence of the adoption and distribution of the Plan for New Content, and a description of how the Plan for New Content is being implemented.

3. Designation of Auditor. The college will assign or retain an internal or external Auditor (corporation or individual) to audit all existing content and functionality on its website, Second Level Domain - cwidaho.cc, and to identify any on-line content or functionality that is inaccessible to persons with disabilities. The Auditor will have sufficient knowledge and experience in website accessibility to carry out all related tasks. OCR will evaluate whether the proposed Auditor has the requisite experience and knowledge to carry out an appropriate Audit.

Reporting:

a) By December 31, 2017, the college will submit the identity and qualifications of its proposed Auditor for OCR's review and approval. If OCR requires the college to submit the identity and qualifications of another proposed Auditor, the college will submit information about another proposed Auditor within 60 calendar days of receiving OCR's notice of the requirement. OCR and the college will follow the same process until OCR approves an Auditor.

b) Within 60 calendar days of receiving OCR's approval of the proposed Auditor, the college will submit to OCR documentation that it has assigned or retained the Auditor approved by OCR to conduct the Audit of existing content and functionality.

4. Audit of All Existing Content and Functionality. The Auditor approved by OCR will audit all content and functionality on the college's website Second Level Domain - cwidaho.cc including all pages with a URL beginning cwidaho.cc but not including the college's intranet pages and sites, and identify any on-line content or functionality that is inaccessible to persons with disabilities, including on-line content and functionality developed by, maintained by, or offered through third-party vendors or through the use of open sources. The Audit will be conducted using the Benchmarks for Measuring Accessibility set out above, unless the college receives prior permission from OCR to use a different standard as a benchmark. During the Audit, the college will seek input regarding the accessibility of its website from persons knowledgeable about website accessibility, including employees, students, and one member of the public with a disability.

Reporting:

Within 150 calendar days of receiving OCR's approval of the proposed Auditor, the college will submit to OCR documentation of the steps taken by the Auditor during the Audit, a description of the outreach it undertook and the input it received, and a detailed accounting of the results of the Audit.

5. Proposed Corrective Action Plan. Based upon the results of the audit, the college will develop a proposed Corrective Action Plan to address all inaccessible content and functionality identified during the Audit. The proposed Corrective Action Plan will set out a detailed schedule for addressing problems, taking into account identified priorities, with all corrective actions to be completed within 24 months of the date OCR approved the Corrective Action Plan.

Within 30 calendar days of receiving OCR's approval of the proposed Corrective Action Plan, the college will officially adopt and implement the Corrective Action Plan.

Reporting:

- a) Simultaneously with the submission of the Audit, the college will submit to OCR, for its review and approval, a proposed Corrective Action Plan to address all inaccessible content and functionality identified during the Audit. If OCR requires any changes to the Corrective Action Plan, the college will make the changes and re-submit the Corrective Action Plan within 30 calendar days of receiving OCR's notice of the required changes. OCR and the college will follow the same process until OCR approves the Corrective Action Plan.
 - b) Within 45 calendar days of receiving OCR's approval of the proposed Corrective Action Plan, the college will submit to OCR the approved Corrective Action Plan, and documentation establishing that the approved Corrective Action Plan is being implemented according to the approved schedule. Reports will be due every six months thereafter until the Corrective Action Plan has been completed.
6. Notice. The college will adopt a Notice for its website and all intranet pages and sites to persons with disabilities regarding how to request the webmaster or other appropriate person to provide access to (or notify the college regarding) online information or functionality that is currently inaccessible. The Notice will also include information about, or an accessible link to information about, how to file a formal grievance with the college pursuant to the requirements of Section 504 and Title II. Within 14 calendar days of receiving OCR's approval of the Notice, the college will officially adopt and publish the Notice by prominently posting the Notice on its home page and throughout its Second Level Domain - cwidaho.cc) and within 180 calendar days the College will publish the Notice on its intranet pages and sites.

Reporting:

- a) Within 30 calendar days of the date of this agreement, the college will submit to OCR for review and approval a proposed Notice. If OCR requires any changes to the Notice, the college will make the changes and re-submit the Notice within 30 calendar days of receiving OCR's required revisions. OCR and the college will follow the same process until OCR approves the Notice.
 - b) Within 15 calendar days of receiving OCR's approval of the college's proposed Notice, the college will provide documentation to OCR regarding the locations and content of its published Notice.
7. Training. Starting no later than 120 calendar days from the date of this agreement, and in each calendar year thereafter, the college will deliver website accessibility training to all appropriate personnel, including, but not limited to: content developers, webmasters, procurement officials, and all others responsible for developing, loading, maintaining, or auditing web content and functionality. Website accessibility training is not required for personnel who only request changes to the web content and implementation of those requested changes is completed by appropriate personnel with website accessibility training. The training will include information about how to comply with the Benchmarks for Measuring Accessibility set forth above.

Reporting:

By January 31, 2018, and in each calendar year thereafter until such time as OCR closes its monitoring of this agreement, the college will submit to OCR documentation that the training has been delivered. The documentation will include a list of invitees and attendees and their position titles, a description of the delivered training content, and the presenters' credentials for providing such training.

8. The college understands that by signing this Agreement, it agrees to provide the foregoing information in a timely manner in accordance with the reporting requirements of this Agreement. Further, the college understands that during the monitoring of this Agreement, if necessary, OCR may visit the college, interview staff and students, and request such additional reports or data, as are necessary for OCR to determine whether the college has fulfilled the terms of this agreement and is in compliance with the regulations implementing Section 504 at 34 C.F.R. § 104.4 and the regulations implementing Title II at 28 C.F.R. §§ 35.130 and 35.160(a). Upon completion of the obligations under this Agreement, OCR shall close this case.
9. The college understands and acknowledges that OCR may initiate administrative enforcement or judicial proceedings to enforce the specific terms and obligations of this Agreement. Before initiating administrative enforcement (34 C.F.R. §§ 100.9, 100.10), or judicial proceedings to enforce this Agreement, OCR shall give the

college written notice of the alleged breach and sixty (60) calendar days to cure the alleged breach.

10. This Agreement will become effective immediately upon the signature of the college's representative below.
