2/1/2018	18-00958-F	Warthaw-Ricketts, Lachantal	-	Next, you indicated that, in your current request, you are not asking for any documents OCR already submitted to you in October 2017. Based on this, we will search our files for any documents in this case file that you have not received, whether from the Complainant, Recipient, Witnesses, etc. Again, these documents will be redacted based on the applicable FOIA exemptions. We will work to have those to you by the end of February, if not sooner. Again, if the District did not provide the records to OCR, we cannot provide them to you and they will not be within our files. However, we will search again to ensure we have not omitted any documents from the previously released documents. Please note that typically, OCR typically does not request documents in its investigation that would be subject to attorney-client privilege.	Closed	Granted/Denied in Part

To be clear, I would like the same information presented in the Excel files at the hyperlinks worded "Portfolio by Location" and "IDR Portfolio by Location" (these Excel documents are titled "Federal Student Loan Portfolio by Borrower Location" and "Income-Driven Portfolio by Borrower Location," respectively) for all prior years (before 2017) of data collection for the Income-Driven Repayment portfolio; Daniel Pollard (Senior Advisor for the EDWA system that sources this data), responding to my initial inquiry, suggests that this data may be made available back to 2013. This is the data located on the web page at the URL <a href="https://studentaid.ed.gov/sa/about/data-center/student/portfolio">https://studentaid.ed.gov/sa/about/data-center/student/portfolio</a> (from the FSA homepage, the pathway is Home » About Us » Data Center » Student Data » Federal Student Loan Portfolio). I will get back to you on that as soon as I know more. As I have those conversations, is an on campus interview the only option, or do you do also consider phone interviews? Also, I understand that OCR released a new Case Processing Manual and that under Section 110, OCR investigators are now able to provide a copy of the complaint to the recipient upon request (without the need to go through a FOIA request). JCCC would like to request a copy of the complaint in this matter. Any further information that you can provide related to the scope of the interviews would be appreciated. I'm happy to schedule a call if that works better for you. Thank you, Mary Nero Assistant General Counsel Johnson County Community College 913-469-3202	Closed	Granted/Denied in Part

6/4/2018	18-02043-F	Doran, Caley	-	the specific Separation Agreement regarding the "resignation" of staff member from the North Shore School District 112 in Highland Park. Specifically as to why, "the board approved a negotiated resignation with the staff member, allowing him to continue being paid through the end of the year while on "special assignment." The nature of that assignment was not disclosed, and the separation agreement included a confidentiality clause." This principal was recently hired in my children's school district and there is grave cause for concern. There is reason to believe that sexual harassment allegations are pending against this staff member.	Closed	Other Reasons - Not Agency Record

6/12/2018	18-02117-F	Aguilar, Stephanie	Michigan State University	On the "Developing Hispanic-Serving Institutions Program - Title V " website, the abstracts of all Title V grants recipients between 2009-2017 is available. However, a list of all applicants is not published on their website nor could I locate a list after an extensive review of other relevant sources. Thus, I am interested in obtaining a list of all Title V grant applicants. Specifically, I am a requesting a list of all institutions who applied for a Title V grant each year between 2009-2017. If possible, it would be useful to have the list indicate which institutions were recipients and which were non-receipts; however, this additional step is not necessary as I can determine this manually by reviewing all the published abstracts. For clarity, I am not requesting the abstracts for all Title V grant applicants during this timeframe.	Closed	Granted in Full

6/20/2018	18-02183-F	Woodel, Michael	McClatchy DC Bureau	I am requesting a 244-page internal Dept. of Education document that was apparently made public late last week and cited by the New York Times in their June 11 article titled "Betsy DeVos Reinstated College Accreditor Over Staff Objections," which can be accessed at <a href="https://www.nytimes.com/2018/06/11/us/politics/betsy-devos-for-profit-higher-education.html">https://www.nytimes.com/2018/06/11/us/politics/betsy-devos-for-profit-higher-education.html</a> . According to the NYT, the document states that U.S. Secretary of Education Betsy DeVos reinstated the federally-recognized status of the ACCREDITING COUNCIL FOR INDEPENDENT COLLEGES AND SCHOOLS (hereafter referred to as "ACICS" or "the ACICS"), a college accrediting body which had its federal recognition revoked in 2016, despite the objections of Dept. of Education staff. Through prior discussion with Dept. of Education press officer Alberto Betancourt, I learned that the document can only be accessed through the Freedom of Information Act. 6/28/2018	18-02272-F	Swislow, Emma	The Amherst Student	Dear Ms. Carter This is a request under the Freedom of Information Act. I request that a copy of documents containing information on the Department of Education's Office of Civil Rights investigations into Amherst College from January 2014 until present be provided to me. In particular, I'm requesting more detailed information on what the violations were, what evidence the Office of Civil Rights and the college presented to support their sides of the investigations and what the end results were. In regard to the investigation that opened January 20, 2017 and was resolved on May 24, 2017, I'm requesting information on what violations were found and whether corrective changes were suggested, and if so, what those corrective changes were. I understand that general information on all these investigations is available on the Office of Civil Rights' website and published on ProPublica, but I am hoping that I can be provided with details about the investigations and their results. I am a student journalist affiliated with the Amherst Student and this request is made as a part of news gathering for an article I am writing on these investigations and not for commercial use. Thank you for your consideration of this request. Sincerely, Emma Swislow	Closed	Granted/Denied in Part

7/9/2018	18-02336-F	(b)(6)	-	I placed a few calls to US Department of Education on Thursday July 5th in the afternoon. I need a transcript or the actual recorded messages. The phone numbers were 866-633-7945, 800-621-3115, 800-505-2800 to Bob with my account at ConServ and also to US Dept of Education with my account. Interestingly enough even though I was calling the lines for Bob with ConServ and the US Dept and Education on my cell it shows that only one number was being recorded. So when you do the search you might need to only look under 866-764-8636 at 12:34, 12:39, 1:02, 2:22 and 3:30pm I did check with Sprint and they had their supervisor verify that all those numbers do funnel into the one number I gave and they all belong to the US Department of Education	Closed	Other Reasons - Not Agency Record

7/18/2018	18-02431-F	(b)(6)	-	I was advised to request all records, emails, meeting notes, and related correspondence from the grade review process and appeal review process at CUNY Macaulay Honors College regarding my case (on my academic status). I was tipped from a few sources that unfair judgment and false narratives strongly influenced my dismissal from the honors program, though I was directly told from the program that my dismissal was due to failure to meet GPA requirements. I do have more details on the unfairness and discriminations, but it takes much longer to explain. I would like to request all my records pertaining to my standing in the honors program because I would like to know if there is any validity to the claims that have been brought to my attention. I am an individual trying to request personal records for my own information. If there is any incorrect conduct/action evident in my records, I have been working with the discrimination officer in my school and would like to make a case against the honors program so as to get an explanation for my case and to help other honors students who could be potentially treated unfairly in the program. There are two other students who have very similar (almost exact) situations to myself and we have been working to get answers. There have been cases of unfairness with other students who have chosen to keep their situations to themselves for their own reasons. There has been a history of quieted unfairness/discrimination within this honors program which we hope to end, should we have cause to.	Closed	Other Reasons - Not Agency Record

7/20/2018	18-02451-F	Gilman, Joseph	-	This request is not seeking Ms. Gilman's records, or the records of any other specific individual. On September 28, 2017, the Secretary of Education issued an internal hiring freeze for the Department of Education. On September 29, 2017, the Chief Human Capital Officer issued a memo providing for a "Hiring Freeze Exemption Request Process." That memo also provided the "Hiring Exception Request Template," a copy of which is attached. We are requesting all hiring exception (or exemption) requests that were submitted by the Office of Human Resources from January 1, 2018 to the present. To be clear, this would cover instances where the Department of Education Office of Human Resources is seeking an exception from the Secretary's hiring freeze in order to fill positions within the Office of Human Resources. As specified in the original request form, this includes any Hiring Exception Requests that were prepared within OHR, but not ultimately submitted to the Secretary. It was a small office building in Florence, KY 41042 but I was unable to find any information on it. I know the school disbanded due to some incident involving the principal, Mr. Crabtree. I believe it was an incident of theft of school funds but I could find no record of the school or the incident in question. I attended this school from first through fifth grade and would like all records of the school, its board, and any criminal or civil complaints filed. I would like to know when they were accredited and for what years and for what reason they disbanded or lost accreditation. thank you	Closed	Other Reasons - Not Agency Record

9/10/2018	18-02809-F	Hanke, Hannah	Tacoma Education Association	A 2012 ruling in the Washington State Supreme Court found that the state had violated its constitution by underfunding K-12 schools, kicking off years of fierce debate in Olympia over school funding and policies. Earlier this year, a unanimous ruling by the Washington Supreme Court brought an end to the yearslong school-funding saga known as the McCleary decision. The "McCleary promise" was specifically targeted to increase teacher salaries. However, the state legislature capped the local levy money in Tacoma making our district unable to collect the \$70 million the voters said they were willing to pay in February of this year. To combat this harmful levy cap, Tacoma Public schools received a \$12 million McCleary funding injection to offset the levy losses from a convoluted State Legislative funding formula. While many districts across the state recently agreed to contracts that featured substantial salary increases for teachers, Tacoma, the state's third largest district, remains at an impasse. While many districts across the state are seeing salary raises as high as 30% from the McCleary decision, Tacoma teachers are looking at a salary decrease due to increased insurance premiums and loss of optional professional development. If I drove 20 minutes to work in Sumner, WA, I would receive \$10,000 more a year. The information I am requesting is: where did the Tacoma Public School district use this \$12 million McCleary funding, funding that was meant to meant to increase teacher salaries? I believe this should be public information and may help inform the salary bargaining and bring the strike to an end.	Closed	Other Reasons - Not Agency Record

9/14/2018	18-02871-F	Medina, Noelle	-	To whom it may concern at the U.S. Dept. of Education, I am submitting this Freedom of Information Act request to request a copy of the following document: On Monday, September 10, 2018, Principal Deni Christensen of the public high school Aliso Niguel High School in Aliso Viejo, California, sent an email to parents addressing an incident that occurred at the school's football game against Santa Ana High School on Friday, Sept. 7, 2018. The incident resulted from the actions of members of the student body at Aliso Niguel High School. They displayed posters with allegedly racial and political messages in their home stadium during the game against Santa Ana High School, which has a predominately Hispanic student population. The Orange County Register reported that Principal Christensen sent the email to parents on Monday and published select details from it, such as: "She explained why Aliso Niguel's students were dressed in red, white and blue at the game and why the students chanted "USA. . .USA" after Aliso Niguel scored its first touchdown. . ." - Steve Fryer, Orange County Register I would like to request a full copy of the email that Principal Deni Christensen issued to the parents of students at Aliso Niguel High School. This request is being made for news gathering and academic purposes only, as it is part of the curriculum for a course I am taking on investigative reporting at the University of Southern California. Before processing my request, please let me know if there are any accompanying fees. Thank you for your consideration and assistance, Noelle Medina	Closed	Other Reasons - Not Agency Record

9/17/2018	18-02884-F	(b)(6)	-	I have a question that does not have to do with any student loan that I currently have or with any loan that I have already applied for. I am asking as a member of the public for informational purposes only. The question concerns the date that is used to begin counting the two year period in the highlighted text below. A charge-off or collections item appears on the credit report with several different dates associated with it (see hypothetical example below in which three different dates appear on the credit report for the same collections item): - "Item as of Date Reported": 08/06/2018 (this is the last time the creditor updated to credit report and can be as recent as the same month as the credit report itself) - "Date of 1st Delinquency": 10/2013 - "Date Major Delinquency 1st Reported": 12/2017 My question is which date is used to begin counting the 2 year period to determine if the balance would be counted toward the \$2,085 for adverse credit? Note: the first date listed, for instance, can update continually, so if the first date is used then 2 years will effectively never be reached until the item is no longer reported. Also, the guideline below does not clarify what happens when a debt is paid in full. If the date used to begin counting the 2 years for adverse credit history on a collections item is 10/2013, for instance, would paying the debt in 8/2018 make the item count toward adverse credit history for another 2 years going forward (until 8/2020) ? 11/5/2018	19-00295-F	Narayan, Ayushi	Harvard University	I would like to obtain information from FSA about the simplification effects of the FAFSA IRS Data Retrieval Tool. For example, how many questions does the tool automatically fill in? How much time does the DRT save users? To answer this, it would be helpful to have FAFSA completion times with and without the IRS DRT by application type for the 2015/2016 or 2016/2017 award year. Among applicants who did not complete the FAFSA, do those who used the IRS DRT complete more questions? Alternative measures of the IRS DRT's simplification features which have already been computed would also be welcome. 11/8/2018	19-00317-F	Manley, Weston	IFG Advisors	My question is what process does the Department of Education (DOE) go through to determine if the borrower has met all eligibility requirements since the three components of the program have already been reviewed and approved at the loan servicer level? Further, can the DOE review and determine that the subjective question on the IDR application: "Has your income significantly changed since you filed your last federal income tax return? For example, have you lost your job, experienced a drop in income, or gotten divorced, or did you most recently file a joint return with your spouse, but you have since become separated or lost the ability to access your spouse's income information?" was answered incorrectly (even though it's subjective) in certain years and require additional payments to be made before forgiving the remaining balance of the loans? My concern is with those individuals who finished school and start their first job but answer the question "no" to keep payments low as they get on their feet.
