Subject: Subject: Request for Investigation into Discrimination Incident - Title VI Violation at Roosevelt High School

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Office for Civil Rights,

I am writing to bring to your attention a disturbing incident of discrimination that recently occurred during a girls' basketball game between Roosevelt High School and Leffell High School. The incident involves actions that appear to be based on shared ancestry, specifically targeting Leffell High School, which is a Jewish high school.

As a concerned member of the community, I firmly believe that all students, regardless of their background, should be treated with respect and dignity. It has come to my attention that members of the Roosevelt High School girls' basketball team engaged in inappropriate behavior, resulting in both injury and insults directed towards their opponents from Leffell High School.

Such actions not only violate the principles of fair play but, more importantly, they constitute a clear violation of Title VI of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving federal financial assistance.

The discriminatory behavior exhibited during this basketball game is particularly alarming as it targets students based on shared ancestry, which falls under the protected categories outlined by Title VI. It is crucial that the Office for Civil Rights thoroughly investigates this incident to ensure that appropriate corrective measures are taken and that such behavior is unequivocally condemned.

I kindly request that the Office for Civil Rights:

Conduct a comprehensive investigation into the alleged discriminatory incident involving the girls' basketball teams from Roosevelt High School and Leffell High School.

Ensure that all parties involved are interviewed to gather a complete understanding of the events that transpired.

Assess the steps taken by both schools to address and prevent future instances of discrimination within their athletic programs.

Implement corrective actions, including education and training initiatives, to foster a culture of inclusivity and tolerance in both schools.

Provide a timely and transparent report outlining the findings and actions taken as a result of the investigation.

I believe that by promptly addressing this matter, the Office for Civil Rights will reinforce the commitment to maintaining an educational environment that upholds the principles of equality and nondiscrimination.

Thank you for your attention to this urgent matter. I trust that the Office for Civil Rights will act swiftly to ensure justice and fairness for all students involved.

Sincerely,

(b)(6); (b)(7)(A); (b)(7)(C)

The girl's varsity teams from The Leffell School, a private Jewish school in Hartsdale, and Roosevelt High School, a public school in Yonkers, faced off in the non-league game Thursday evening.

“I support Hamas, you f—king Jew,” a Roosevelt player snarled at a Leffell opponent, according to The New York City Public Schools Alliance, a group of parents and teachers fighting antisemitism.

From the outset, there was hostility and aggression with “substantially more jabs and comments thrown at the players on our team than what I have experienced in the past,” senior player Robin Bosworth wrote in an op-ed for Leffell's student-run newspaper, The Lion's Roar.”

Re: Case No. 02-24-1187 - Yonkers Public Schools

Dear Dr. Rodriguez:

On January 9, 2024, the U.S. Department of Education, Office for Civil Rights (OCR) received a complaint filed against the Yonkers Public Schools (the District). The complaint alleged that the District discriminated against students, members of a visiting sports team, and spectators on the basis of their national origin (shared Jewish ancestry) by failing to respond to incidents of harassment during a girls' basketball game held at Roosevelt High School (the School) on January 4, 2024.

OCR enforces Title VI of the Civil Rights Act of 1964 (Title VI), as amended, 42 U.S.C. §§ 2000d-2000d-7, and its implementing regulations at 34 C.F.R. Part 100, which prohibit discrimination on the basis of race, color, and national origin (including shared ancestry) in programs and activities receiving federal financial assistance from the Department. As a recipient of federal financial assistance from the Department, the District is subject to Title VI and its implementing regulations.

OCR will investigate the following issue: whether the District responded in a manner consistent with the requirements of Title VI to alleged harassment of students and third-parties based on national origin (including shared Jewish ancestry).

Please understand that opening an investigation under Title VI does not mean that OCR has made a determination with regard to the merits. During the investigation, OCR is a neutral fact-finder, collecting and analyzing relevant evidence from the complainant, the recipient, and other sources, as appropriate. OCR will ensure that its investigation is legally sufficient as required by OCR's Case Processing Manual (CPM) (July 18, 2022). You may find additional information in OCR's Complaint Processing Procedures. Individuals who file complaints with OCR may have the right to file a private suit in federal court whether or not OCR finds a violation.

OCR may close this case prior to making formal findings of compliance or non-compliance, provided that the circumstances or information gathered establishes an administrative or other

The Department of Education's mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.

basis for resolution in accordance with the CPM. For example, under Section 201(b) of OCR's CPM, if both parties are interested and if OCR determines that the individual allegations are appropriate for mediation, the parties may voluntarily resolve these complaint allegations through mediation that OCR will facilitate. Note that in such a case OCR does not monitor or enforce the agreement reached between the parties.

When appropriate, a complaint may be resolved before the conclusion of an investigation after the recipient expresses an interest to OCR to resolve the complaint. In such cases, OCR obtains a resolution agreement signed by the recipient. This agreement must be aligned with the complaint allegations or the information obtained during the investigation, and it must be consistent with applicable regulations.

To reach an efficient resolution of this case, OCR is providing an opportunity for the District to present its response to the complaint's allegation and to submit supporting documentation.

Within 20 days of the date of this letter, please provide to OCR the information listed in the attached data request. The regulation implementing Title VI, at 34 C.F.R. §§ 100.6(b) and (c), requires that a recipient of federal financial assistance make available to OCR information that may be necessary for it to determine whether a recipient is in compliance with the regulations it enforces. Pursuant to 34 C.F.R. § 100.6(c) and 34 C.F.R. § 99.31(a)(3)(iii), of the regulation implementing the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g, OCR may review personally identifiable records without regard to considerations of privacy or confidentiality. OCR will take all proper precautions to protect the identity of any individuals named in the documents.

Please be advised that the District must not harass, coerce, intimidate, discriminate, or otherwise retaliate against an individual because that individual asserts a right or privilege under a law enforced by OCR or files a complaint, testifies, assists, or participates in a proceeding under a law enforced by OCR. If this happens, the individual may file a retaliation complaint against the District with OCR.

Under the Freedom of Information Act (FOIA), it may be necessary to release this document and related correspondence and records upon request. If OCR receives such a request, it will seek to protect, to the extent provided by law, personally identifiable information that, if released, could reasonably be expected to constitute an unwarranted invasion of personal privacy.
